(TR-103) PROMPT ENGINEERING –

Training Day 19 Report:

SmartMap AI Project

Tasks Completed:

- Created Favorites section for users to save preferred locations.
- Implemented History feature to track previously searched or visited places.
- Connected frontend Favorites and History cards to backend database to store/retrieve data.
- Added buttons to add/remove favorites and clear history.
- Designed cards/lists layout for easy viewing and interaction.
- Tested functionality to ensure correct data storage and retrieval.
