# (TR-103) PROMPT ENGINEERING –

# Training Day 20 Report:

# SmartMap AI Project

## Tasks Completed:

- Designed the chatbot interface for travel assistance.
- Added input box and send button for user queries.
- Connected frontend chatbot to backend AI service to answer questions (e.g., "Best places to visit in Shimla").
- Implemented chat bubble styling for both user and assistant messages.
- Stored chat interactions in history for future reference.
- Tested chatbot responses for accuracy and reliability.
